Subject: EQIP Cost List

File Code: 440

I concur with the FL State EQIP Cost List. The cost share rates and practices have been reviewed by the State Technical Committee in your state and are in accordance with the EQIP Final Rule. The justification you provided for the cost-shares is reasonable and adequate.

I also concur with local cost lists that 1) contain only practices that are on the State Cost list and 2) the cost share and rates for each practice is at or below those on the State's list. Any changes to the attached list will require my concurrence as well.

A handwritten signature in dark ink, appearing to read "Charles R. Adams", is written over a faint, oval-shaped background.

CHARLES R. ADAMS
Regional Conservationist, Southeast Region
